

Re: Supplying PPE to the motion picture industry.

Alpha Medical Resources has been the leading supplier of medical props to the motion picture industry since 1992 and we look forward to servicing the industry for years to come. The COVID-19 pandemic will produce challenges to the way our industry operates upon return. We at Alpha recognize that challenge so we have begun compiling the necessary PPE needed to help our industry return. We will be able to supply the industry with gloves, face masks, shoe covers, hand sanitizer, and infrared thermometers. Much of this equipment is in high demand but through our sources Alpha has begun stockpiling in anticipation of the needs for our industry.

Pricing for these items are as follows: *(we have kept the prices lower than you can find elsewhere but if our suppliers increase pricing on us, we may need to adjust our pricing)*

Stock #	Description	Each	Price
237333BX	SHOECOVERS N/TRACTION, UNIV BLU [BX/50PR]	1	\$40.00
689981BX	MASK, PROCEDURE- EAR LOOPS, BLUE [BX/50]	1	\$41.00
921592	GLOVES, EXAM- LATEX, SM CONFIDERM CL [BX/100]	1	\$18.00
921593	GLOVES, EXAM- LATEX, MD CONFIDERM CL [BX/100]	1	\$20.00
921594	GLOVES, EXAM- LATEX, LG CONFIDERM CL [BX/100]	1	\$20.00
1163106	SANITIZER, HAND GEL, ETHYL ALCOHOL (8 OZ./ BT)	1	\$10.00
1164050	DIGITAL INFRARED THERMOMETER	1	\$125.00

The face masks and gloves quoted are disposable and meant for one-time use. We have monthly allocations from our suppliers so it will be important that each production orders no more than their

monthly needs to help ensure we fill the needs of other productions. You will be able to submit your orders online at www.alphaprops.com in the coming week, once we have updated our site with a specific page dedicated to PPE (*for our industry only*).

These have been trying times! We at Alpha look forward to being a part of the process that helps our industry to return safely.

Sincerely,

Frank Uchalik Jr
